Pay Lite

A simple and secure solution for automating online payments.

With banks phasing out manual processing on credit card machines you will need a secure virtual process to replace it with. Pay Lite is a simple and reliable solution for automating your online payments. Only pay bank charges - no monthly fee!

Easy To Setup.

Properties with a physical credit card machine can get started with limited requirements.

Automatic Processing Saves Time.

- Deposits are automatically deducted from the guest's credit card before arrival (according to your deposit policy).
- Virtual cards are automatically processed - no need to find card details, remind yourself to swipe on a certain day or work out which amount to enter.
- No manual credit card payments needed, lessening your card security risk significantly.

Secure Environment.

The credit card details are always stored securely in a vault after processing. You will not have the security risk of storing these numbers.

Training & Support.

- Comprehensive training done on activation.
- Full support team available for queries every step of the way (telephone/email/online chat).
